

**1 Piece Recorder**

Years of experience make it sound this good.

Today, there are many recorders to choose from and we've tested them all. Some are better than others, but only one stands alone as the industry's top example of manufacturing excellence. By anyone's definition, the Suzuki recorder sounds better, responds easier, has perfect pitch, excellent features, making it the best recorder value available from any source.

**Quality sound and perfect pitch-a winning combination.**

Each Suzuki Recorder starts life as the highest grade of unbreakable plastic resin. Then, it is vacuum formed in molds designed by computers to exacting specifications. The tone chambers of each instrument are then bored and polished. Next they are tested against 20 different standards to make sure they are perfect in every aspect of intonation and playability before being packaged for shipping. It's a lot of work, but it's the only way we know of to be the best.

**A 3 PIECE RECORDER GIVES YOU ULTIMATE CONTROL.**

Little fingers need special help in covering every hole completely. Our 3 piece recorders are tunable and have an adjustable bell for easy fingering placement. Low notes are extra easy to play. Our three piece soprano recorder plays perfectly in tune and acoustically designed for ease of playing in the upper and low registers.

Keep the sections of 3 piece recorders(except SRG-405 & SRE-505) from falling apart with our specially designed teflon or rubber seals. They ensure that each section of the recorder fits snugly together to give years of trouble free use.

**Soprano Recorder**

**SRG-200**

German Fingering, One-piece w/Bag

**Soprano Recorder**
